[41310103]

It was dark early , because of the storm .

[41310104]

Hogan got down from the saddle and had a look inside .

[41310116]

" Maybe he 's at the hotel " .

[41310117]

They rode to the Rockfork House . a little farther along the opposite side of the street .

[41310118]

They reined in there . Brannon remaining in the saddle while Hogan went to look for Jesse Macklin in the hotel dining room .

[41310119]

Brannon had no slicker .

[41310120]

He 'd put on his old brown contdtroy coat and it was already soaked .

[41310121]

But he felt no physical discomfort .

[41310122]

He was only vaguely aware of the shooting ram .

[41310123]

He loudly noticed the blue-green flashes of lightning and the hard claps of thunder .

[41310124]

Then he 'd hopped to catch Jesse Macklin there .

[41310108]

" Maybe to have supper .

[41310110]

Red , come along .

[41310111]

The rest of you wait here " .

[41310112]

Also because of the storm , the streets of Rockfork were deserted .

[41310104]

Lighted windows glowed jewel-bright through the downpour .

[41310105]

They rode to the Rockfork House . a little farther along the opposite side of the street .

[41310106]

They reined in before the town marshal 's office . a box-sized building on Main Street .

[41310107]

A lamp burned inside . but Brannon . peering through the window . saw that the office was empty .

[41310108]

He 'd put on his old brown contdtroy coat and it was already soaked .

[41310120]

Brannon had no slicker .
