In this way , while the Stick itself was blacked out , we kept up to date on events
[2164304p]
Within 15 minutes of the quake itself , I was able to see pictures of the collapsed section of the Bay Bridge .
[2164305O]
Increasingly accurate estimates of the severity of the quake became available before I got to my car .
[2164305l]
And by then , expensive automobile sound systems were keeping the gridlocked parking lot by the Bay teformed about the fire causing the big black plume of smoke we saw on the northern horizon .
[2164305Z]
Darkness fell .
[2164305]
But the broadcasts continued through the blacked-out night , with pictures of the sandwiched highway gangplon in Oakland and firefighting in the Marina district .
[2164305q]
It was during the quiet exodus down the pristine concrete ramps of the Stick that I really understood the point of all those Waldmen and Watchmen .
[2164305y]
By then , our little sand village of cars had been linked with a global village of listeners and viewers .
[2164306O]
In fact , the entire population of the Bay Area had ended up with this dual role of actor and audience .
[2164306l]
This way , while the Stick itself was blacked out , we kept up to date on events
[2164306p]
But for a few minutes there , relief abounded .
[2164306]
A young mother found her boy , who had been out buying a hotdog .
[2164306Z]
The wall behind me was slightly deformed , but the center had held .
[2164306q]
And most of us waited for a while for the game to start .
[2164307O]

A young mother found her boy , who had been out buying a hotdog .
[2164346Z]
The wall behind me was slightly deformed , but the center had held .
[2164346q]
And most of us waited for a while for the game to start .
