Some 3.8 million of the five million who will get letters were preapproved for credit with GMAC .

These 3.8 million people also are eligible to get one percentage point off GMAC 's advertised finance rates , which start at 6.9 % for two-year loan contracts .

The vacation packages include hotel accommodations and , in some cases , tours or tickets to local attractions , but not meals .

A buyer who chooses to fly to his destination must pay for his own ticket but gets a companion 's ticket free if they fly on United Airlines .

In lieu of the vacation , buyers can choose among several prizes , including a grandfather clock or a stereo videocassette recorder .

Card holders who receive the letter also are eligible for a sweepstakes with Buick cars or a Hawaii vacation as prizes .

If they test-drive a Buick , they get an American Express calculator .

This is n't Buick 's first travel-related promotion .

A few years ago , the company offered two round-trip tickets on Trans World Airlines to buyers of its Riviera luxury car .

The promotion helped Riviera sales exceed the division 's forecast by more than 10 % , Buick said at the time .
