[41515028]

[41515032]

“ You 've got to admit she was smart to scare up this fine government job over there - she 'll get a home for herself and Cathy in no time .

[41515040]

It was not that she disliked Cathy .

[41515042]

But Cathy was Myra 's responsibility , not hers .
_ ev-w218f2 _ _ _

[41515043]

“ I would n't even be surprised ” , she said unhappily , “ if Myra tried to leave her with us forever ” .

[41515054]

Jim turned back from the stairway and looked at her .
