

Segment G32

[40632001]

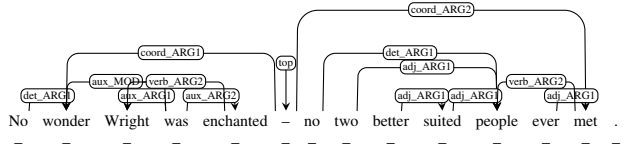

This time he was making no mistake .

[40632002]

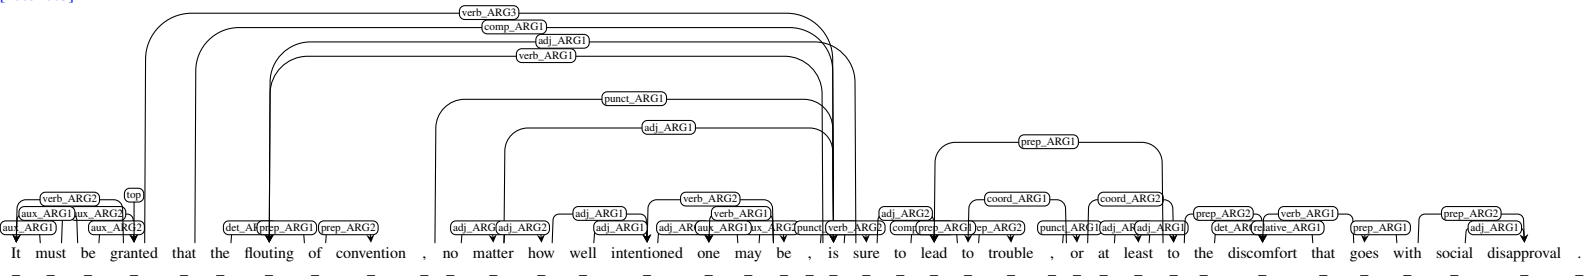

Olgivanna - in her country the nickname was a respectful form of address - was not only attractive but shrewd , durable , sensible , and smart .

[40632003]

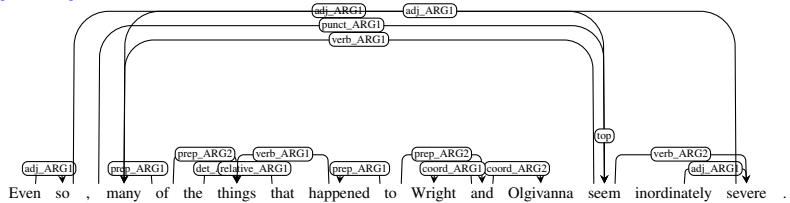

No wonder Wright was enchanted - no two better suited people ever met .

[40632005]

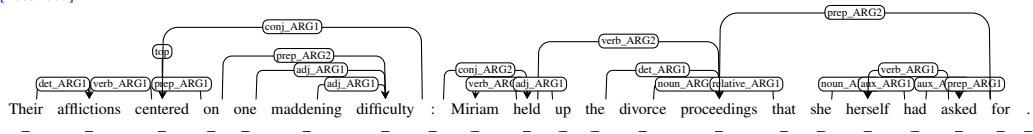

It must be granted that the flouting of convention , no matter how well intentioned one may be , is sure to lead to trouble , or at least to the discomfort that goes with social disapproval .

[40632006]

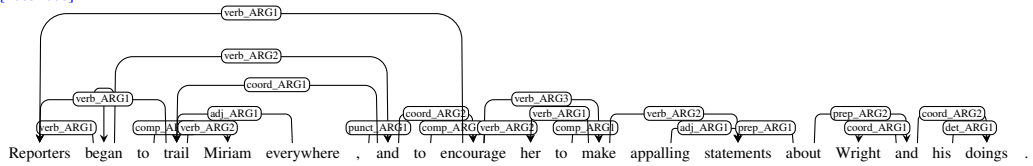

Even so , many of the things that happened to Wright and Olgivanna seem inordinately severe .

[40632007]

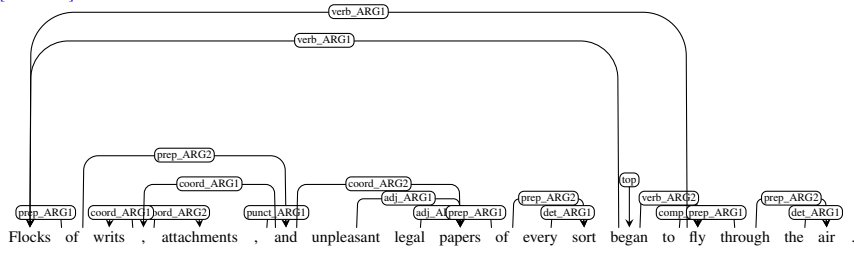

Their afflictions centered on one maddening difficulty : Miriam held up the divorce proceedings that she herself had asked for .

[40632008]

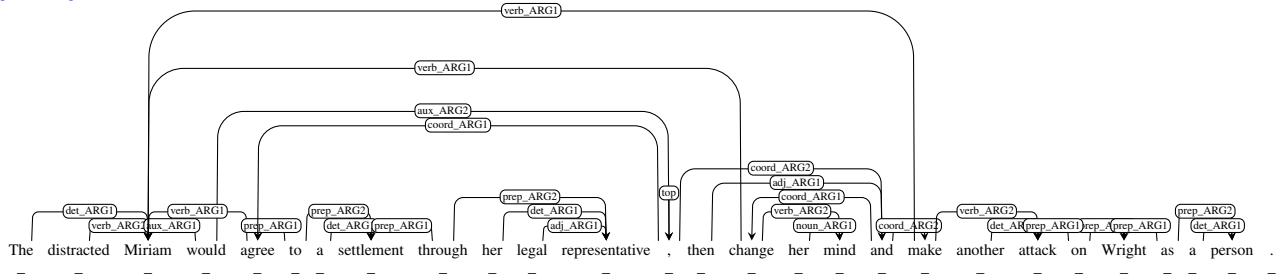

Reporters began to trail Miriam everywhere , and to encourage her to make appalling statements about Wright and his doings .

[40632009]

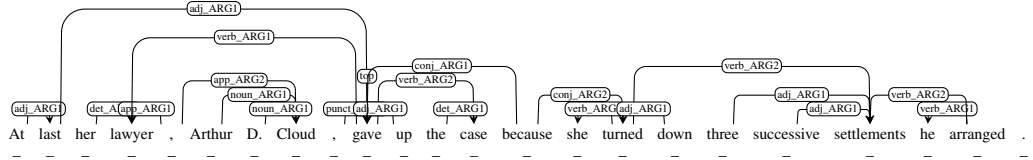

Flocks of writs , attachments , and unpleasant legal papers of every sort began to fly through the air .

[40632010]

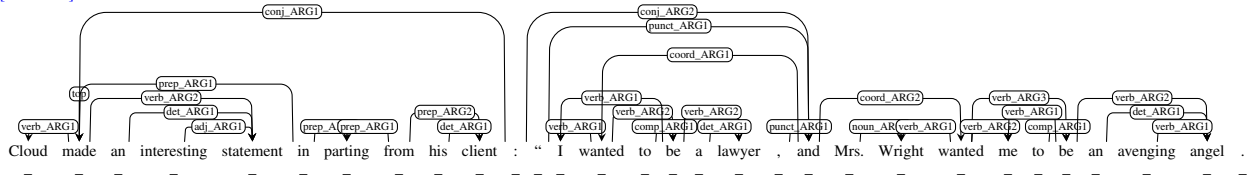

The distracted Miriam would agree to a settlement through her legal representative , then change her mind and make another attack on Wright as a person .

[40632011]

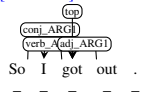

At last her lawyer , Arthur D. Cloud , gave up the case because she turned down three successive settlements he arranged .

[40632012]

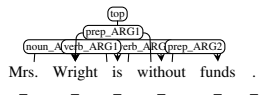

Cloud made an interesting statement in putting from his client : " I wanted to be a lawyer , and Mrs. Wright wanted me to be an avenging angel .

[40632013]

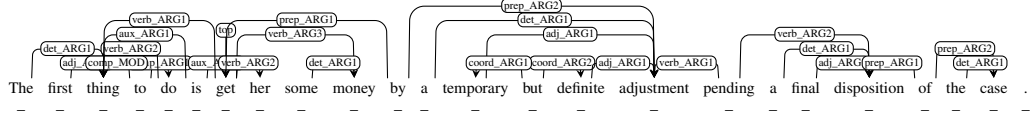

So I got out .

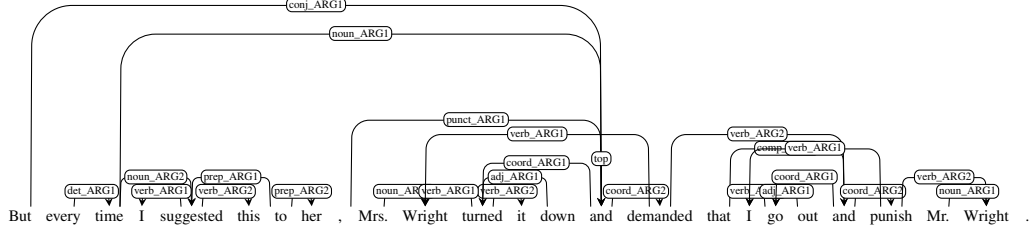

[40632014]

  
Mrs. Wright is without funds .

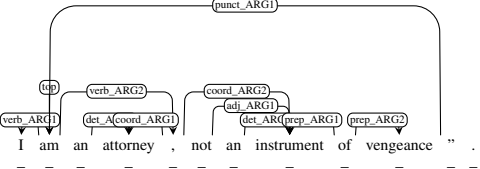

[40632015]

  
The first thing to do is get her some money by a temporary but definite adjustment pending a final disposition of the case .

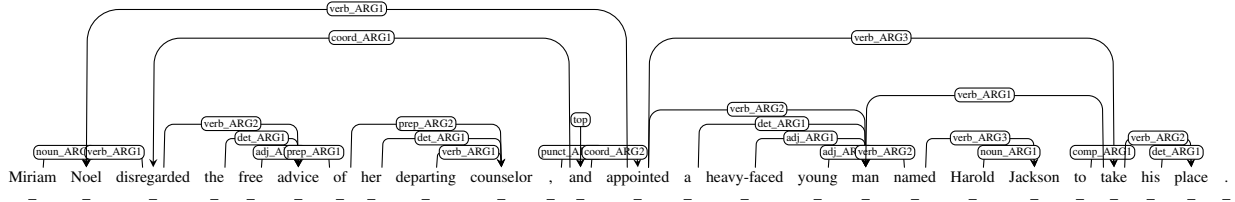

[40632016]

  
But every time I suggested this to her , Mrs. Wright turned it down and demanded that I go out and punish Mr. Wright .

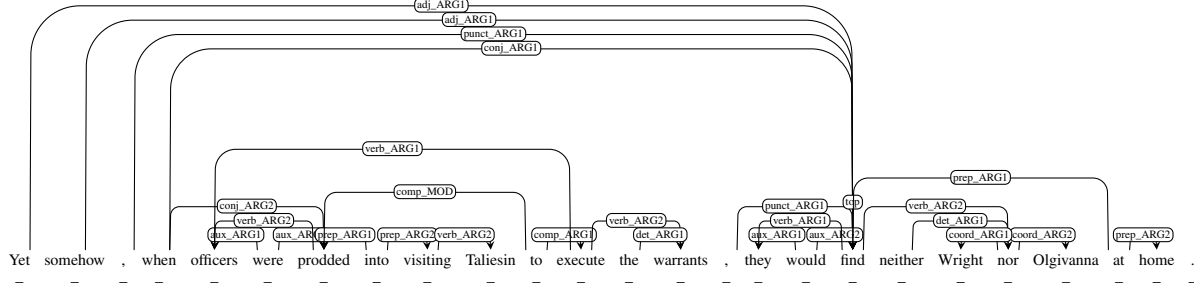

[40632017]

  
I am an attorney , not an instrument of vengeance " .

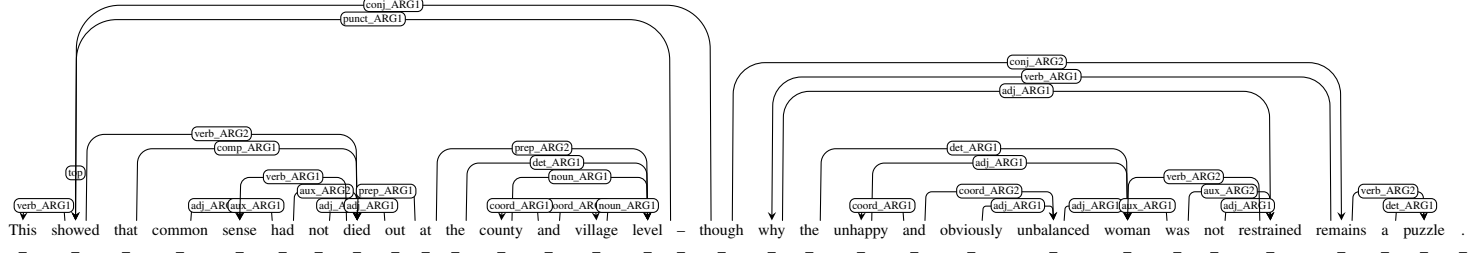

[40632018]

  
Miriam Noel disregarded the free advice of her departing counselor , and appointed a heavy-faced young man named Harold Jackson to take his place .

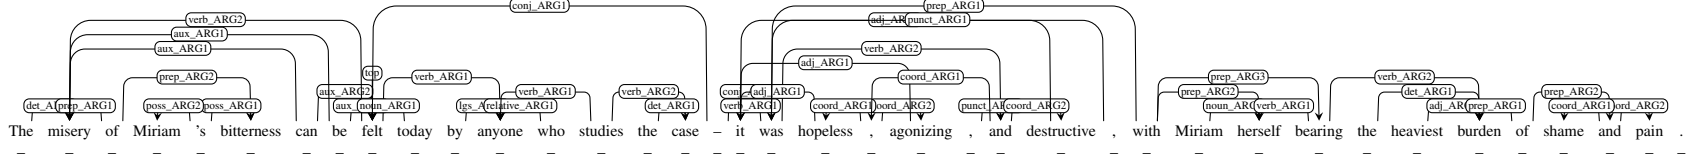

[40632020]

  
Yet somehow , when officers were prodded into visiting Taliesin to execute the warrants , they would find neither Wright nor Olgivanna at home .

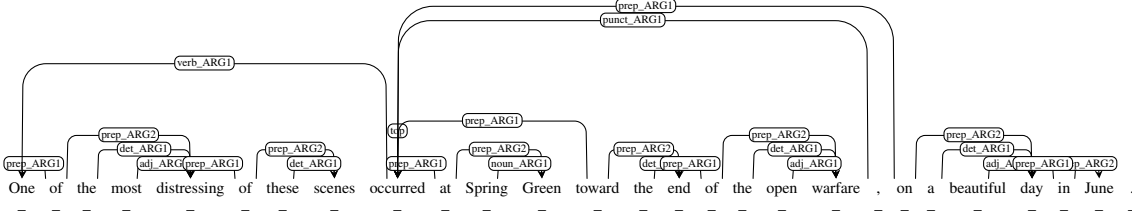

[40632021]

  
This showed that common sense had not died out at the county and village level - though why the unhappy and obviously unbalanced woman was not restrained remains a puzzle .

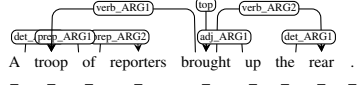

[40632022]

  
The misery of Miriam 's bitterness can be felt today by anyone who studies the case - it was hopeless , agonizing , and destructive , with Miriam herself bearing the heaviest burden of shame and pain .

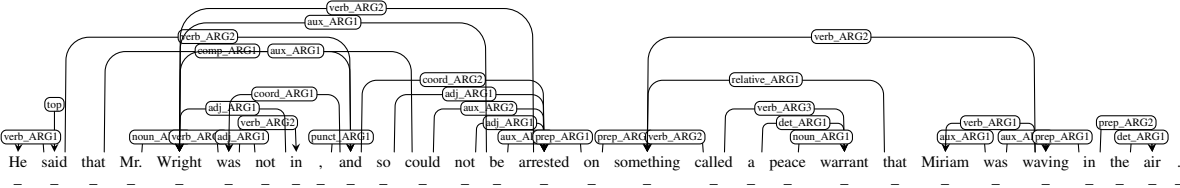

[40632024]

  
One of the most distressing of these scenes occurred at Spring Green toward the end of the open warfare , on a beautiful day in June .

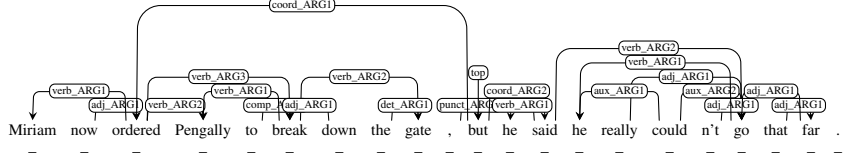

[40632026]

  
A troop of reporters brought up the rear .

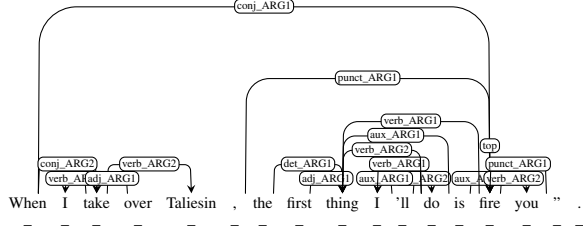

[40632028]

  
He said that Mr. Wright was not in , and so could not be arrested on something called a peace warrant that Miriam was waving in the air .

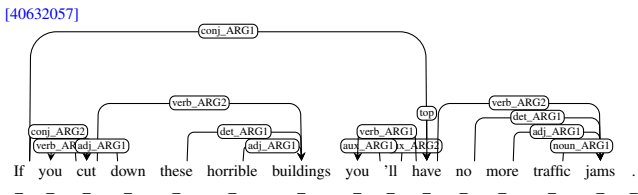

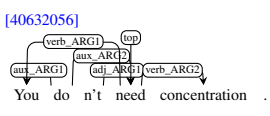

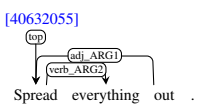

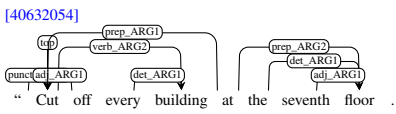

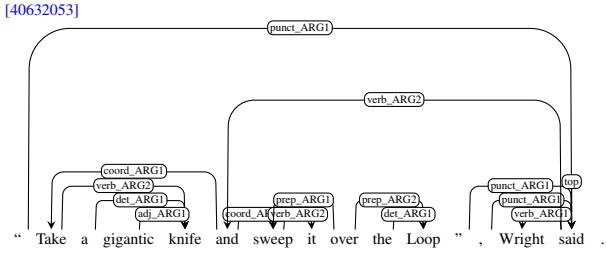

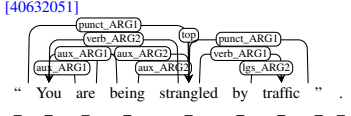

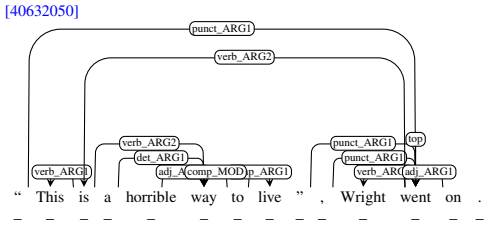

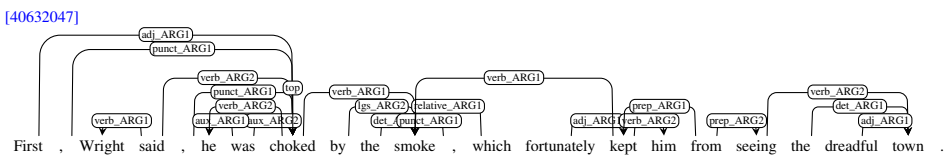

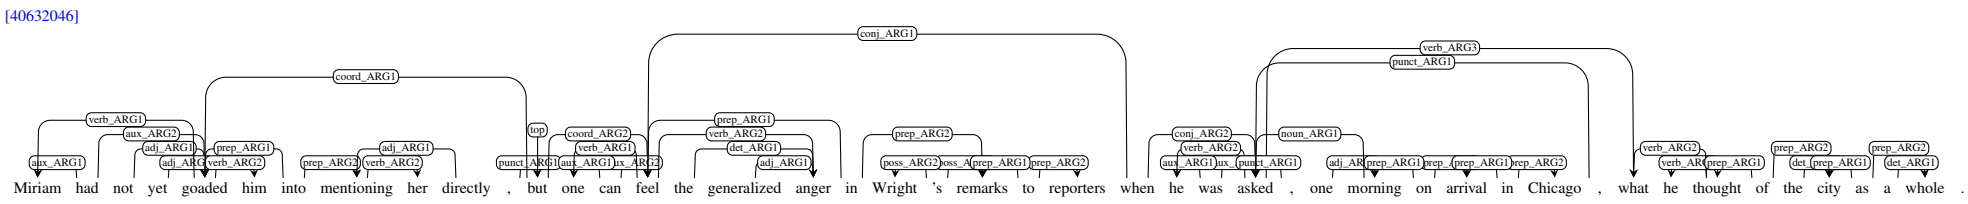

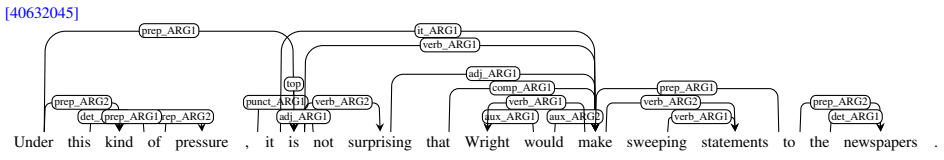

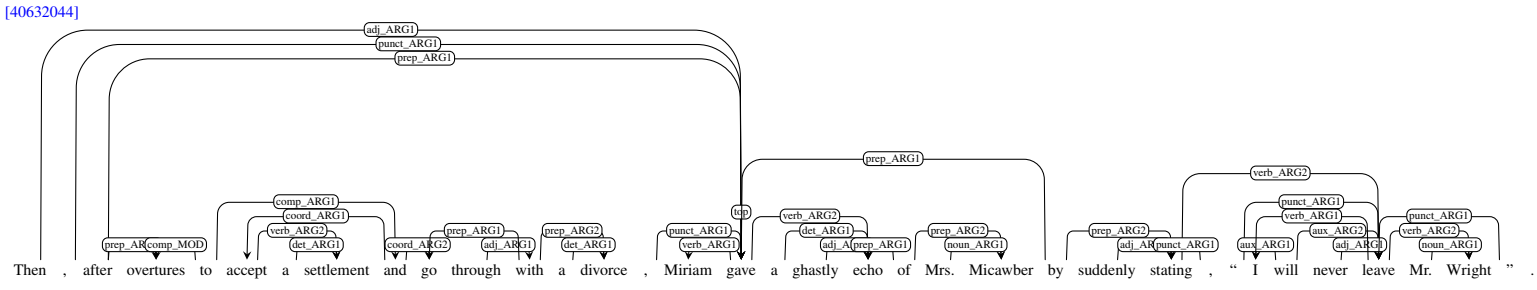

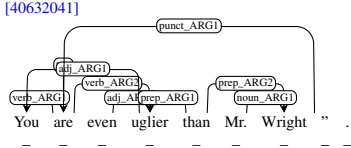

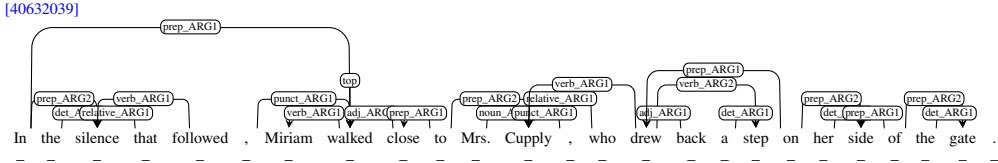

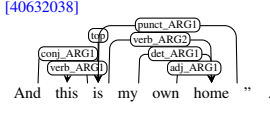

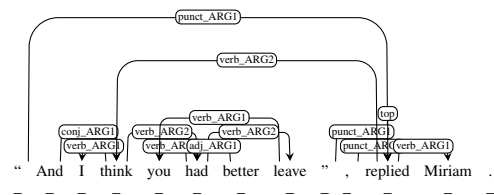

[40632029]

  
Miriam now ordered Pengally to break down the gate , but he said he really could n't go that far .

[40632033]

  
When I take over Taliesin , the first thing I 'll do is fire you " .

[40632035]

You 'll have trees again .

[40632059]  
  
You 'll have some joy in the life of this city .

[40632060]  
  
After all , that 's the job of the architect - to give the world a little joy .

[40632061]  
  
Little enough joy was afforded Wright in the spring of 1925 , when another destructive fire broke out at Taliesin .

[40632062]  
  
The first news stories had it that this blaze was started by a bolt of lightning , as though Miriam could call down fire from heaven like a prophet of the Old Testament .

[40632063]  
  
A storm did take place that night , and fortunately enough , it included a cloudburst that helped put out the flames .

[40632066]  
  
In spite of the disaster , Wright completed during this period plans for the Lake Tahoe resort , in which he suggested the shapes of American Indian tepees - a project of great and appropriate charm , that came to nothing .

[40632067]  
  
Amid a shortage of profitable work , the memory of Albert Johnson 's \$ 20,000 stood out in lonely grandeur - the money had quickly melted away .

[40632070]  
  
As he made plans for the new Taliesin , Wright also got on paper his conception of a cathedral of steel and glass to house a congregation of all faiths , and the idea for a planetarium with a sloping ramp .

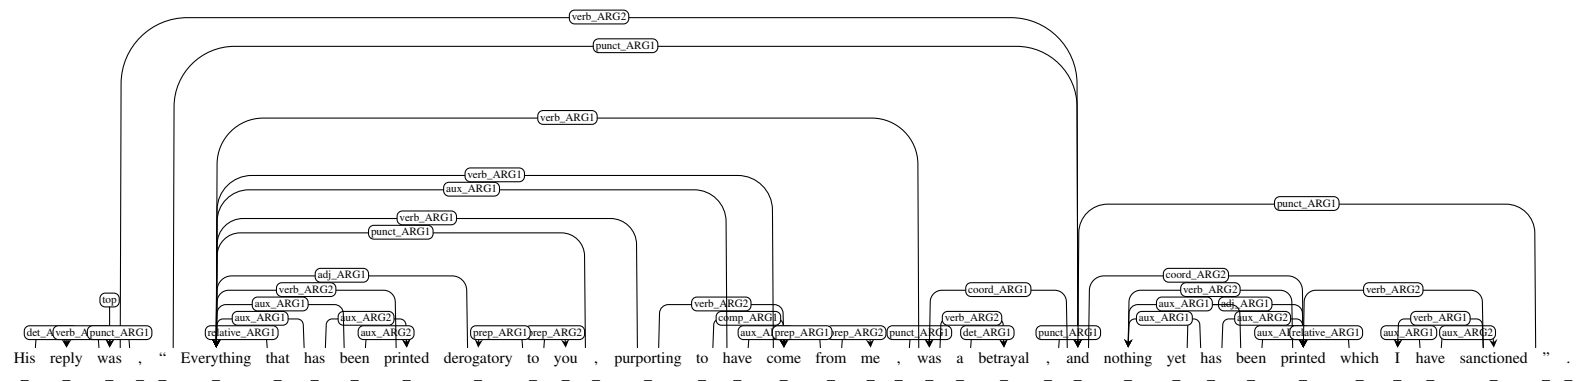

[40632071]  
  
Years were to pass before these plans came off the paper , and Wright was justified in thinking , as the projects failed , that much of what he had to show his country and the world would never be seen except by visitors to Taliesin .

[40632072]  
  
And now there was some question as to his continued residence there .

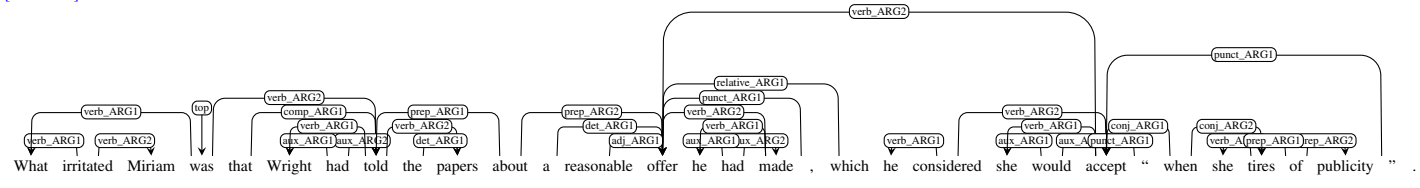

[40632073]  
  
Billy Koch , who had once worked for Wright as a chauffeur , gave a deposition for Miriam 's use that he had seen Olgivanna living at Taliesin .

[40632075]  
  
Miriam sniffed at this , and complained that Wright had said unkind things about her to reporters .
