If all of this seems a little stale, it's redeemed in part by some tricky plot twists:

[21397017]

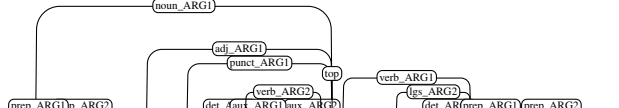

The usual suspects are found to be guilty , then not guilty , then guilty – but of a different crime .

[21397018]

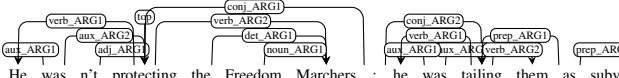

(In last week 's rape case , for example , the girl turns out to have been a victim of incest , and the biggest villains are the politicians who exploit the case .)

[21397019]

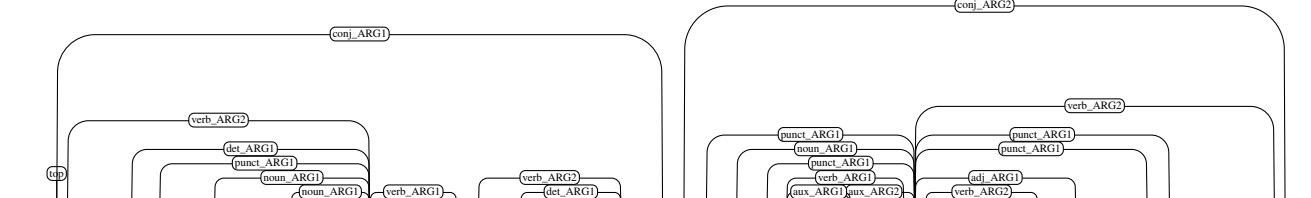

Most of all though, the show is redeemed by the character of Mancuso.

[21397021]

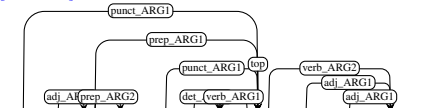

He was n't protecting the Freedom Marchers ; he was tailing them as subversives .

[21397022]

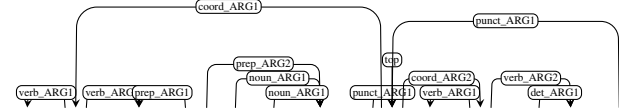

This is not the “Mississippi Burning” scenario that thrills his young colleagues: “Kid, you’ve been reading Classic Comics too long,” Mancuso says.

[21397023]

“ Back in 1964 , the FBI had five black agents .

[21397024]

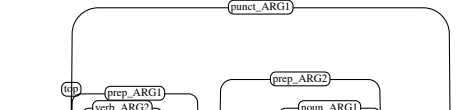

Three were chauffeurs for J. Edgar Hoover, and two cleaned his house. "

[21397025]

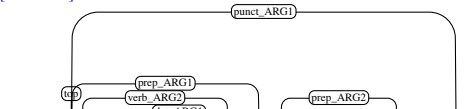

At the core of Mr. Loggia's Mancuso is his world-weary truculence.

[21397026]

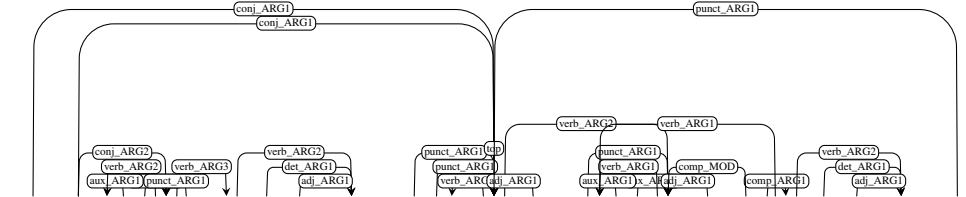

He describes a reporter as "Miss First Amendment."

[21397027]

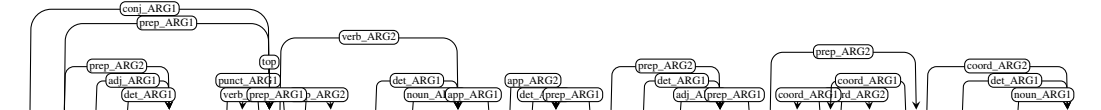

He describes a drowned corpse as “ Esther Williams . ”

[21397028]

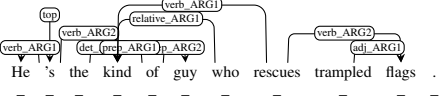

And when he's told "Try a little tenderness," he shoots back "I'm going home to try a little linguine."

[21397029]

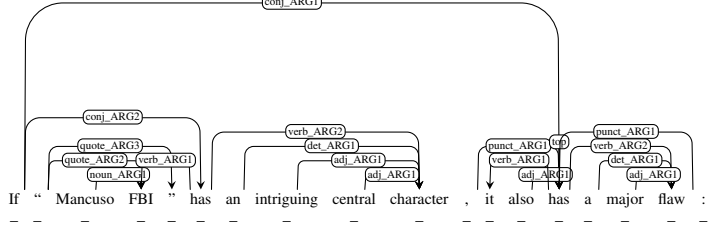

Yet for all his cynicism , he 's at heart a closet idealist , a softy with a secret crush on truth , justice and the American Way .
