Baskets of roses and potted palms adorned his bench .

The local American Legion color guard led the way .

As the judge marched down the center aisle in his flowing black robe , he was heralded by a trumpet fanfare .

[20267006]

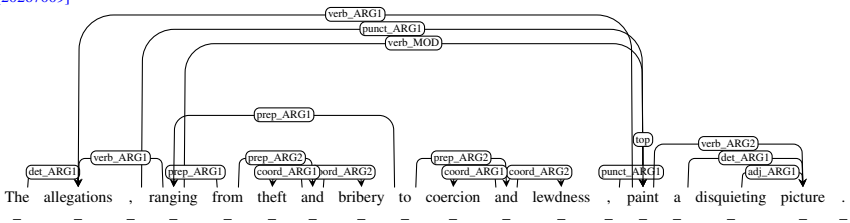

But then Judge O'Kieki often behaved like a man who would be king - and , some say , an arrogant and abusive one .

[20267007]

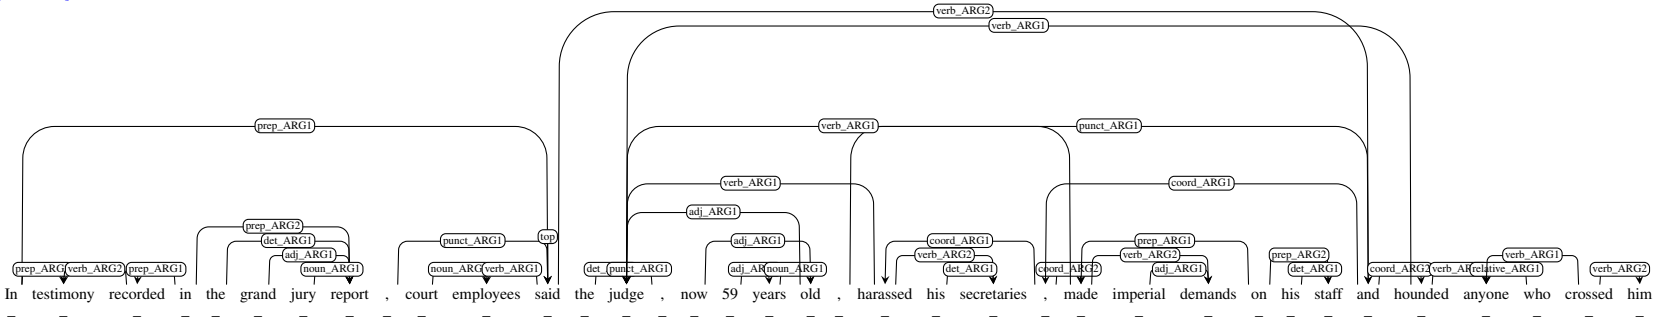

While his case may be extreme , it reflects the vulnerability of many small communities to domineering judges .

[20267009]

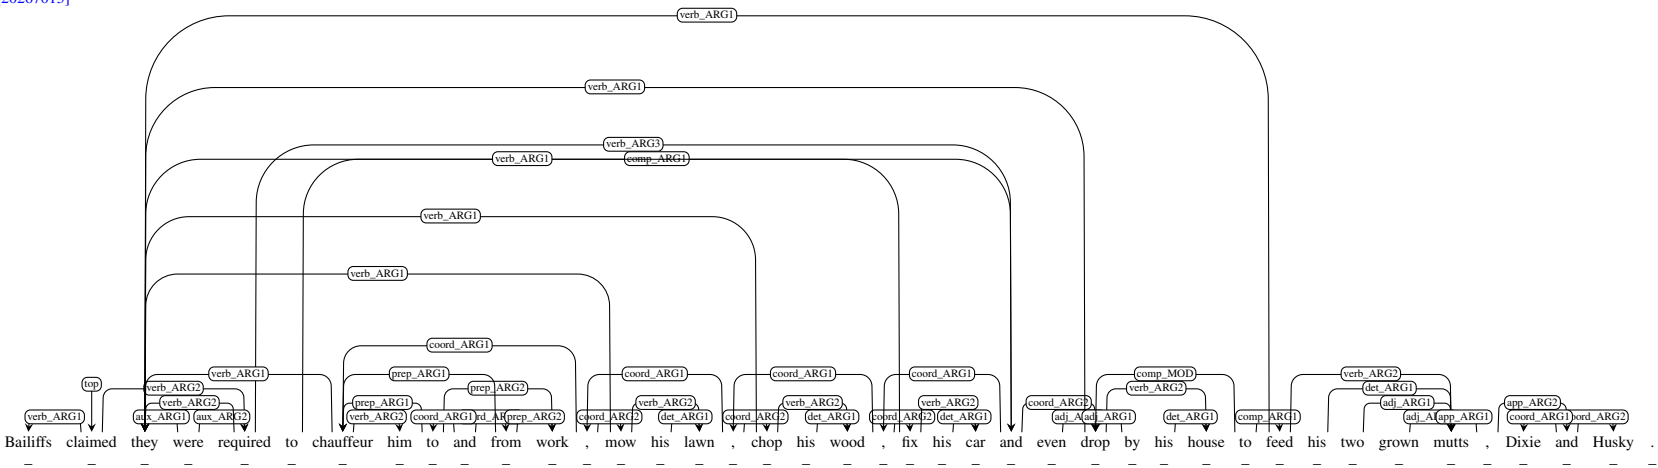

The allegations , ranging from theft and bribery to coercion and lewdness , paint a disquieting picture .

[20267012]

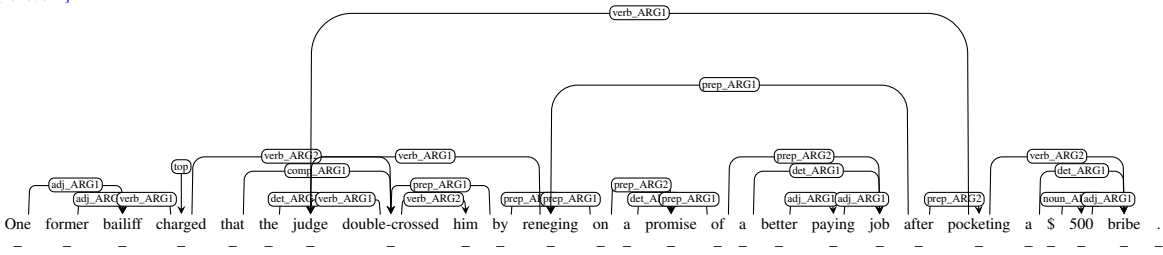

In testimony recorded in the grand jury report , court employees said the judge , now 59 years old , harassed his secretaries , made imperial demands on his staff and hounded anyone who crossed him .

[20267013]

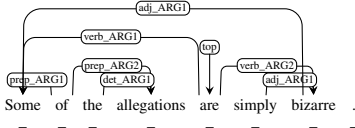

Bailiffs claimed they were required to chauffeur him to and from work , mow his lawn , chop his wood , fix his car and even drop by his house to feed his two grown mutts , Dixie and Husky .

[20267014]

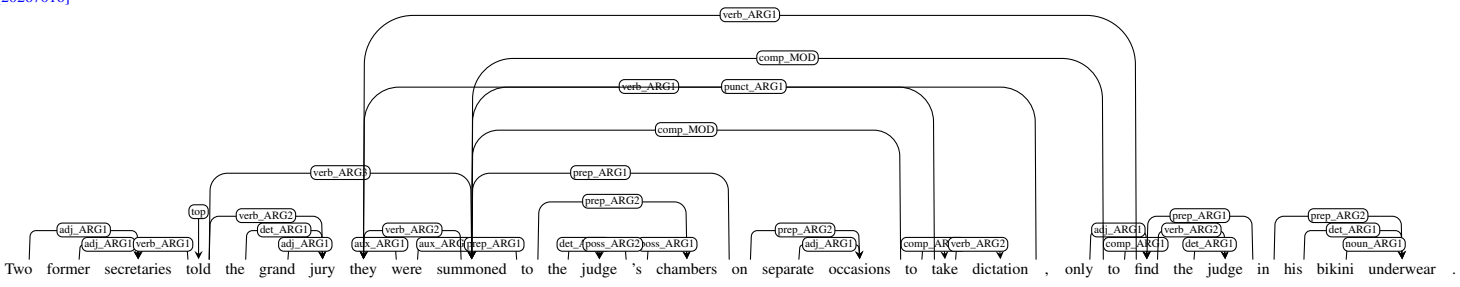

One former bailiff charged that the judge double-crossed him by reneging on a promise of a better paying job after pocketing a \$ 500 bribe .

[20267015]

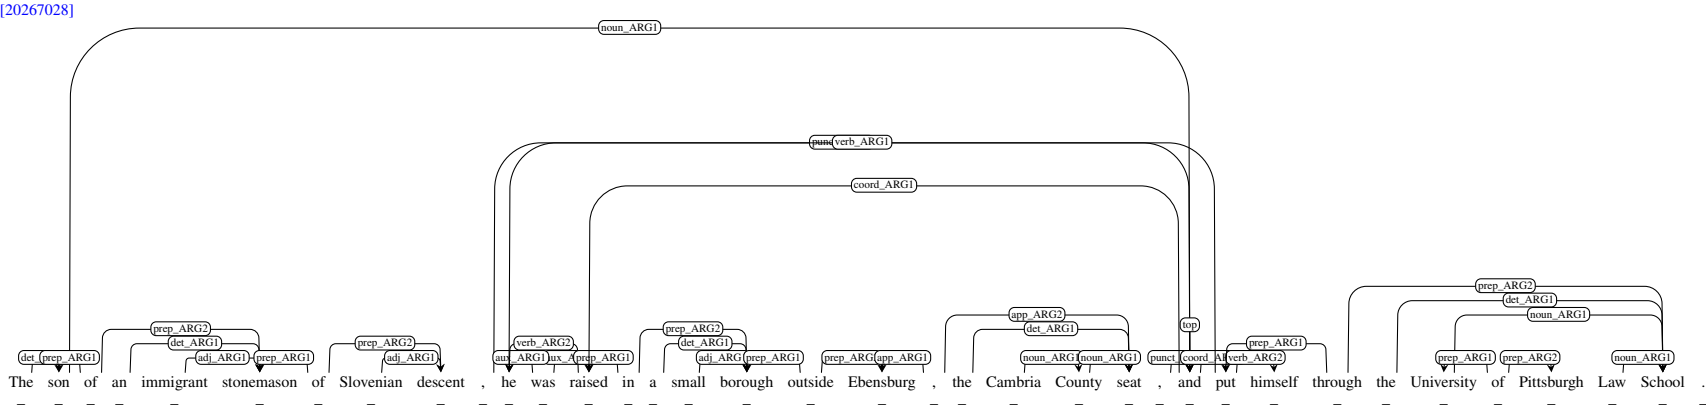

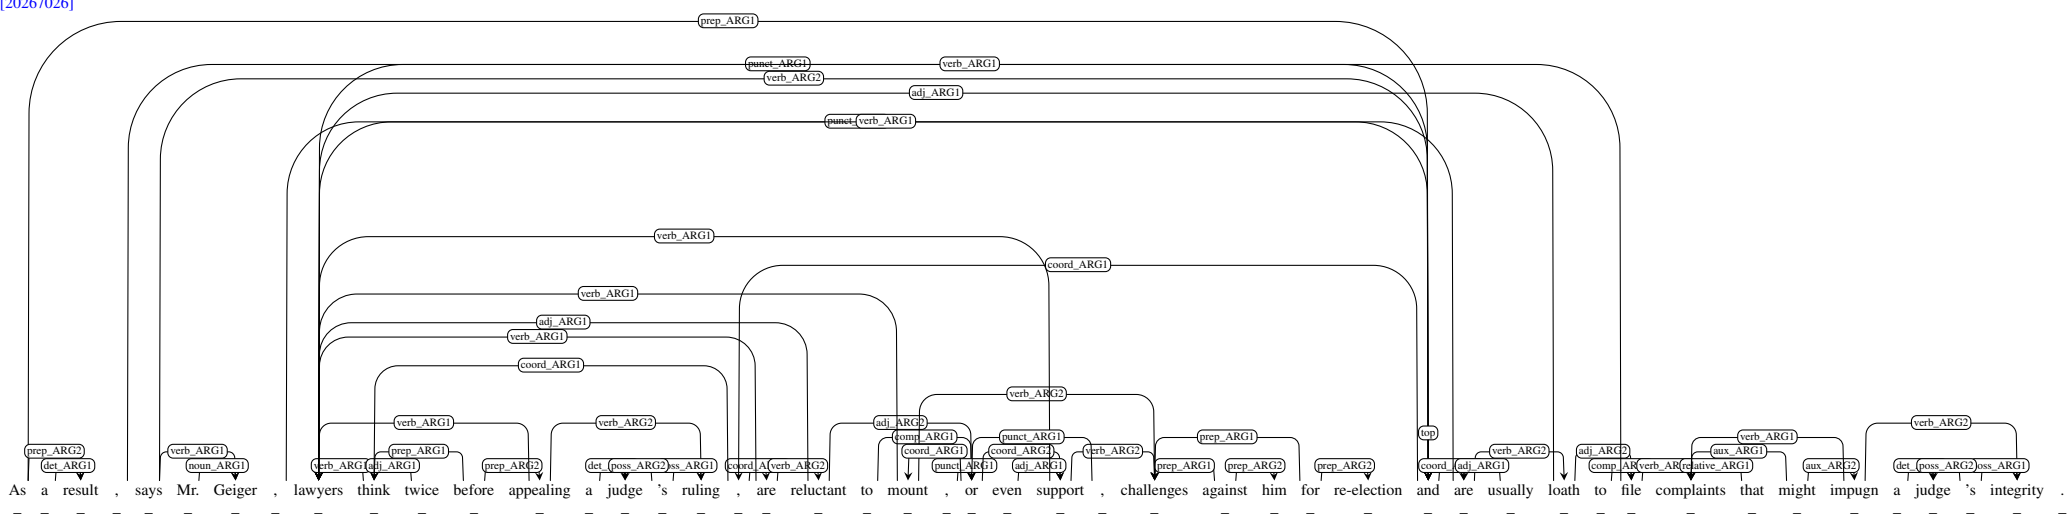

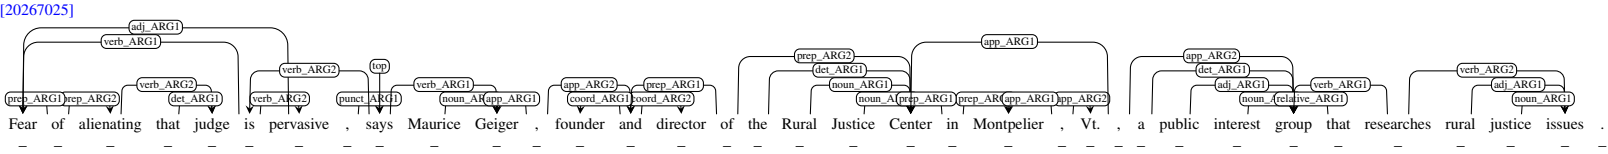

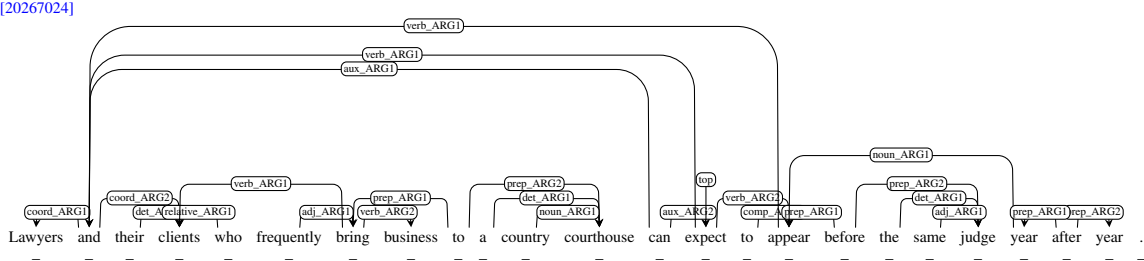

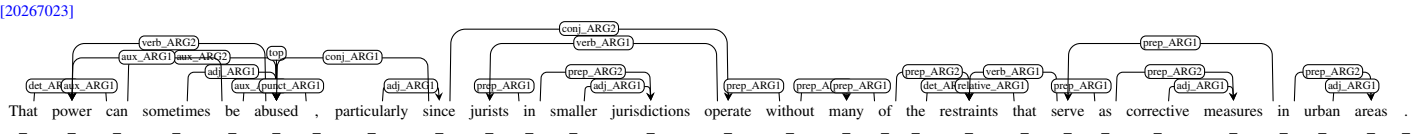

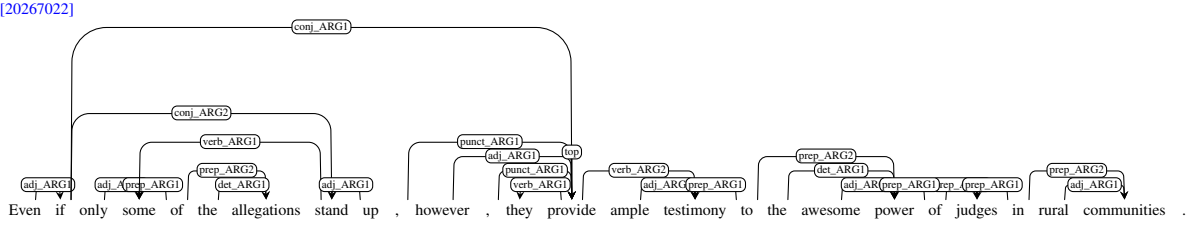

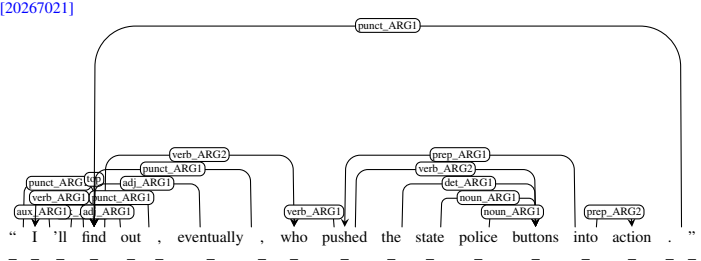

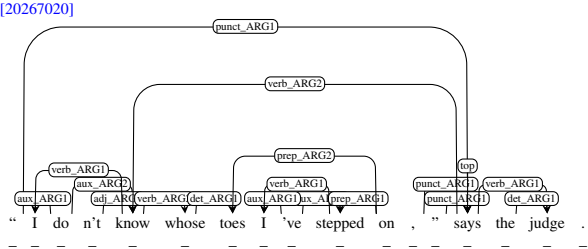

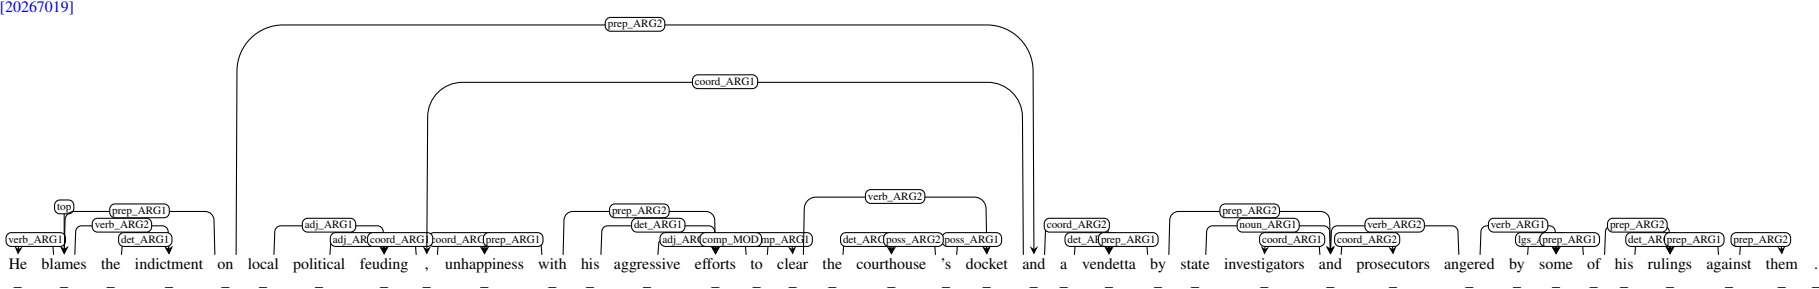

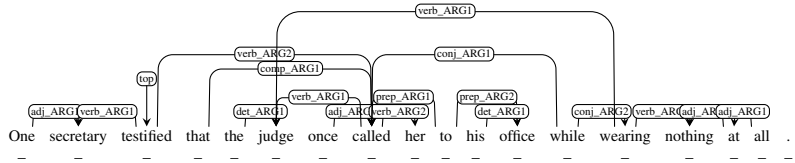

Some of the allegations are simply bizarre .

[20267016]

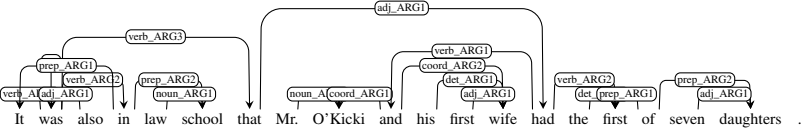

Two former secretaries told the grand jury they were summoned to the judge 's chambers on separate occasions to take dictation , only to find the judge in his bikini underwear .
