In addition to resuscitating the old issue of whether death sentences deter criminals , this bill has made race a major part of the death-penalty debate .

[20426034]

The amendment prompted an ironic protest from Mr. Thurmond , who complained that it would “ kill ” capital punishment .

[20426035]

A large number of studies suggest that state judges and juries have imposed the penalty in a racially discriminatory fashion .

[20426036]

And the Kennedy amendment would invade not only federal but state sentencings , in two important ways .

[20426037]

It would allow all defendants to introduce statistical evidence showing racially disproportionate application of the death penalty in the past .

[20426038]

And it would shift the burden to prosecutors to disprove that discrimination caused any statistical racial disparities .

[20426039]

“ That burden is very difficult , if not impossible , to meet . ” says Mr. Boyd .

[20426041]

Since most prosecutors would n't be able to demonstrate conclusively that racial considerations did n't affect sentencing , executions everywhere might come to a halt , Mr. Boyd explains .

[20426042]

At least 15 major studies purport to show that particular states have imposed the death penalty disproportionately against killers of whites compared with blacks , and against black defendants compared with white defendants .

[20426043]

Conservatives question the validity of the studies and note that the Supreme Court ruled in 1987 that such research , regardless of its accuracy , is n't relevant to a constitutional attack on a particular death sentence .

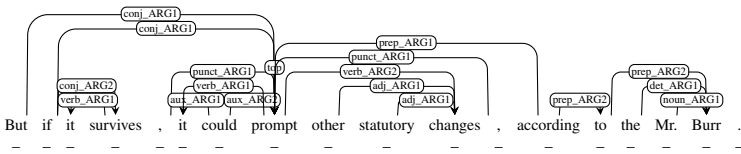

[20426045]

Lawyers would eagerly seize on the provision in their death-penalty appeals , says Richard Burr , director of the NAACP Legal Defense and Educational Fund 's capital-punishment defense team .

[20426046]

Mr. Kennedy failed to get his amendment incorporated into last year 's anti-drug legislation , and it will be severely attacked on the Senate floor this time around .
