CMS Enhancements Inc. said it estimates that sales and earnings for the fiscal first quarter ended Sept. 30 fell somewhat from the year-earlier period .

[21354003]

A year earlier , CMS posted profit of \$ 1.1 million , or 13 cents a share , on sales of \$ 48 million .

[21354004]

This time , there are 30 % more shares outstanding .

[21354005]

Mr. Farooquee attributed the decline to an industrywide softening of demand for computer enhancement products .
