Figure 1 illustrates a dependency parse tree for the sentence: "Separately, Glcorp said it plans to purchase as many as 1.4 million shares, or 10% of its common stock outstanding from time to time on the open market and through privately negotiated transactions." The tree shows the hierarchical structure of the sentence, with phrases like "PREP", "AC-T-arg", "NP", "PP-arg", "PAY-arg", "QNUM", "ESTR", "QSTN member", "STAT", "APP", "OPHR", "ESTR", "COUN member", "MANN", and "ESTR" representing different syntactic components. The tree is rooted at "MEANS" and branches out to cover the entire sentence, including the main clause and the relative clause "outstanding from time to time on the open market and through privately negotiated transactions".
