[20192033]

One railroad . for example . is already increasing its grain hauling service from Indiana to Baltimore .

[20192034]

And it is n't clear that the Soviet Union will stay on its record buying pace .

[20192035]

The Soviet orders were compressed into the month of October because of delays .

[20192036]

The Soviet Union usually begins buying U.S. crops earlier in the fall .

[20192037]

But its purchases apparently were delayed by a reorganization of its agricultural bureaucracy as well as budget problems .

[20192038]

In other commodity markets yesterday :

[20192039]

ENERGY : Crude oil futures prices increased in moderate trading . but much of the action was in heating oil .

[20192040]

Prices rose on the news that a sizable West German refinery was damaged in a fire . tightening an already tight European market .

[20192041]

Heating oil for November delivery ended at 58.64 cents a gallon . up one cent on the New York Mercantile Exchange .

[20192042]

West Texas Intermediate for December delivery advanced 22 cents to \$ 19.94 a barrel .

[20192043]

Gasoline futures continued a sell-off that began Monday .

[20192044]

PRECIOUS METALS : Futures prices eased as increased stability and strength came into the securities markets .

[20192045]

December delivery gold fell \$ 3.20 an ounce to \$ 377.60 .

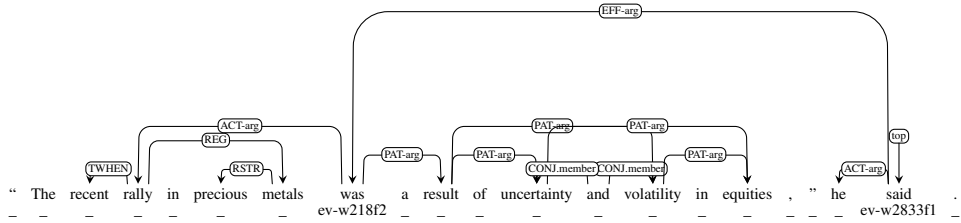

[20192046]

December silver declined 6.50 cents an ounce to \$ 5.2180 .

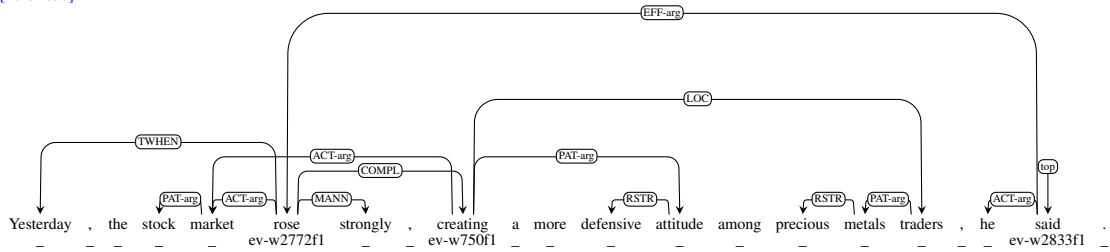

[20192047]

January platinum was down \$ 5.70 an ounce at \$ 494.50 .
