

Document 1242

[21242001]

Bausch & Lomb Inc. said its pharmaceutical subsidiary agreed to supply collagen corneal shields for animal eye surgery to a unit of International Minerals & Chemical Corp.

[21242002]

Terms were n't disclosed.

[21242003]

The agreement marks Bausch & Lomb's first venture selling its eye care products for use by veterinarians.

[21242004]

The collagen corneal shield helps speed healing of the cornea after eye surgery.

[21242005]

The product will be distributed by Pitman-Moore Inc., a subsidiary of International Minerals.
