                  But it has n't worked out that way .
                                                                                                                                                                                                                                         punct_ARG1
                                                                                                                                                                                                                                                                                            verb_ARG2
      "Dinkins is a decent but sloppy guy , "says David Garth , veteran campaign consultant here who has always worked for Mayor Edward Koch , defeated by Mr. Dinkins in the Sept. 12 Democratic primary .
