## Document 0017

Texas Instruments Japan Ltd., a unit of Texas Instruments Inc., said it opened a plant in South Korea to manufacture control devices.

[20017002]

Texas Instruments Japan Ltd., a unit of Texas Instruments Inc., said it opened a plant in South Korea to manufacture control devices.

[20017002]

Texas Instruments Japan Ltd., a unit of Texas Instruments Inc., said it opened a plant in South Korea to manufacture control devices.

[20017002]

The new plant, located in Chinchon about 60 miles from Seoul, will help meet increasing and diversifying demand for control products in South Korea, the company said.
