                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  verb_ARG1
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       aux_ARG1
                                While Utah is not yet a haven for environmentalism , public views toward the environment have significantly improved .
                                                                                                                                                                                                                                                                                                                                                                                        conj_ARG1
                                                                      (conj. ARG) (cont. ARG) (cont.
                                          If Mr. Redford wanted to be accepted by the people of Utah , he should have taken an advisory role instead of one of forcing his personal preferences .
